

# Near “Nuff” Sculpin

By: Don Privett

Hook	9672
Thread	Brown flat waxed nylon
Eyes	lead dumb bell
Tail	2 Grizzly hen hackles
Hackle	soft Grizzly hackle
Body	dubbing

Step 1: Start the thread back from the eye to allow for dubbing and a thread head. Tie in the lead eyes using figure of eight wraps, then wrap thread to bend of hook. Tie in the two grizzly hackles for the tail and the single hackle for the rib.

Step 2: Dub the thread and wrap forward to the eyes, then palmer the hackle forward to the same point and tie off.

Step 3: Dub the thread and wrap around the eyes. Form a thread head and whip finish.
